Department for Education

About Us

Hospital School SA provides educational programs by focusing on personalised learning through targeted teaching for students and young people.

Schooling can be negotiated for outpatients unable to attend their own school and the school-aged siblings of country/interstate patients.

Hospital School SA delivers the Early Years Learning Framework, Australian Curriculum and SACE in a classroom setting for all years:

- Preschool
- Junior Primary: Reception to Year 4
- Middle School: Year 5 to Year 9
- Senior School: Year 10 to Year 12

We collaborate with individual schools and other educational institutions to ensure continuity in students' learning.

We provide teaching on the wards as well as in our classroom at the Hospital School on the 4th Floor. Students will receive teaching on the ward or in the classroom depending on their need.

Enrollment

Referral Form

The initial referral needs to be completed by the Nursing Staff and Parent or Guardian. Please make a time to meet with the Lead Teacher to discuss the information on the form. Students can commence at the beginning of the next teaching session if all the information has been completed and any relevant documentation received (e.g. Health Support Plans, NEP or IEP).

Sign In / Sign Out

Students must be signed in when they attend the Hospital School classroom and signed out each time they leave by the Play Therapist or medical professional. The sign in/out iPad is situated at the front office area.

Resource Centre

The Resource Centre at the Hospital School has current fiction and non-fiction books and resources. These can be borrowed by in-patients, out-patients and their families. Laptops can be borrowed by inpatients during school hours.

ICT Agreement

Cyber-Safety

Hospital School SA provides the Department for Education wireless network. Students can access our network via electronic devices. The network runs based on Department for Education network standards and is secured with passwords. The measures to ensure the cyber-safety of Hospital School SA are based on our core values. To assist us to enhance learning through the safe use of information and communication technologies (ICTs), we request you read and sign the Hospital School SA ICT User Agreement (see referral when enrolling).

Mobile Phones

If mobile phones are brought to school they need to be switched off or on silent and not used during class time. If they are used, then they will need to be handed to office staff where they will be locked securely for the rest of the session.

Lunch Time

Students who are inpatients on the ward will be collected at the end of the AM Class and return to the ward for their lunch.

Lesson Times

Lesson 1:

9:00am --11:00am - CLASSROOM TEACHING – Year 5 to Year 12*
